Summary

Results-oriented professional with a proven track record in teamwork, communication, and brilliant interpersonal skills. AZ-900 Certified by Microsoft, displaying a solid understanding of cloud concepts. Equipped with programming foundations in JavaScript, HTML, and CSS from Coursera. Proficient in C++ and possess in-depth knowledge of Data Structures and Algorithms. Strong ability to collaborate effectively with diverse teams and deliver exceptional results.

Skills

Python 3 — 5

DSA — 4

Javascript — 6

Oops Concepts — 7

CSS — 5

HTML — 6

C++ — 7

Describe Azure management and governance — 7

Describe Azure architecture and services — 6

Education

Swami Keshvanand Institute of Technology, Bachelor of Technology-BTech | August 2019 - August 2023

- Developed web applications and components using HTML, CSS, JavaScript
- Azure Fundamentals
- Provided course instruction for undergraduate computer science courses, including Computer Architecture, Operating Systems, Algorithms, and Programming Languages
- Graduated with a Bachelor's degree in [Computer Science] with a commendable CGPA of 8.7 Throughout my educational journey, I consistently demonstrated a strong commitment to academic excellence, evident from my impressive achievements.
- Knowledge of software development environments and associated tools. (i.e. ,Visual Studio, , JIRA, Git,tableu)

Projects

Spotify Clone:

- Link:https://spotifyclone-lilac.vercel.app/
- Associated with : Rajasthan Technical University
- - Developed a Spotify clone using HTML, CSS, and JavaScript to create a realistic music-playing experience - Implemented features to play, change, and stop music, providing a seamless user experience - Demonstrated proficiency in front-end web development by accurately replicating the functionality and design of the original Spotify platform - Successfully created an interactive and visually appealing music player that closely resembled the real Spotify interface - Showcased strong problem-solving skills by overcoming challenges and effectively utilizing HTML, CSS, and JavaScript to achieve desired results

Snake Game:

Leetcode

https://leetcode.com/amrit_rajawat2
4/

- - Developed a highly interactive and realistic Snake game using HTML, CSS, and JavaScript - Implemented various sound effects to enhance user experience - Demonstrated proficiency in web development languages and technologies - Created a visually appealing and engaging gaming experience for users - Successfully achieved the objective of providing an immersive gameplay environment in the Snake game

Certifications

1.Microsoft Certified: Azure Fundamentals(AZ-900)

https://learn.microsoft.com/en-us/users/amrit-0045/credentials/certification/azure-fundamentals?source=docs

I am a highly motivated and certified professional with expertise in Microsoft Azure Fundamentals, holding the AZ-900 certification. My knowledge and skills in Azure cloud services make me a valuable asset for organizations seeking to leverage the power of cloud computing to drive business success.

Key Highlights:

- Microsoft Azure Fundamentals (AZ-900) certified.
- Proficient in understanding Azure services, pricing, and solutions.
- Solid grasp of Azure governance and compliance.
- Well-versed in cloud computing principles and concepts.
- Strong problem-solving and analytical abilities.
- Committed to staying updated with the latest Azure developments

My AZ-900 certification validates my understanding of Azure cloud concepts, making me well-prepared to contribute to cloud migration projects, optimize Azure resources, and support organizations in achieving their digital transformation goals. My passion for technology and commitment to continuous learning make me a valuable asset in the ever-evolving world of cloud computing.

2.Programming Foundations with JavaScript, HTML and CSS (Coursera):
https://www.coursera.org/account/accomplishments/certificate/VMCV3JK8GGJH

I am a skilled and detail-oriented professional with a strong foundation in web development, having completed a comprehensive course in Programming Foundations with JavaScript, HTML, and CSS. My proficiency in these core technologies enables me to create dynamic and interactive web solutions while adhering to industry best practices.

Key Highlights:

- Proficient in JavaScript, HTML, and CSS for web development.
- Hands-on experience in building responsive and user-friendly websites.
- Strong problem-solving skills and a keen eye for design.
- Knowledgeable in version control systems like Git.
  Committed to writing clean, maintainable, and efficient code.
  Enthusiastic about staying up-to-date with the latest web development trends.

My expertise in JavaScript, HTML, and CSS empowers me to craft visually appealing and functional web applications, enhancing the user experience and driving business growth. I am eager to contribute my skills and knowledge to projects that require a solid foundation in web development, and I am dedicated to continuous improvement to remain at the forefront of this dynamic field
